

Conference & Corporate Event Production

Integrated technology.
Coordinated delivery.

BAHRAIN / SAUDI ARABIA

www.aventsplus.com

One coordinated technical partner

Avents Plus brings the technical elements of conferences and corporate events together in one coordinated production plan.

Across Bahrain and Saudi Arabia, we support conferences, forums, government meetings, workshops, exhibitions and corporate launches.

Our scope can bring together LED displays, sound, conference microphones, interpretation, video and onsite technical operation - from planning and setup through dismantling.

Complete technical setups or individual AV rentals.

Your programme. One connected setup.

Systems selected around the venue, audience, event format and agreed scope.

1 Visual presentation

LED walls, presentation screens, confidence monitors and content playback.

2 Clear communication

Sound systems, wireless microphones and delegate discussion systems.

3 Multilingual participation

Interpretation booths, receivers, headsets and audio integration.

4 Connected audiences

Camera feeds, hybrid meeting integration, recording and streaming support.

5 Stage & event support

Stage platforms, podiums, furniture and guest-support arrangements.

6 Technical delivery

Equipment planning, installation, testing, live operation and dismantling.

The production scope is tailored to each event and confirmed in the proposal.

Prepared before guests arrive

1**Review**

Venue, programme, audience layout and technical requirements.

2**Plan**

Systems, crew, logistics and venue access coordinated together.

3**Prepare**

Installation, system checks and rehearsals where required.

4**Operate**

Onsite monitoring, presentation feeds and live technical support.

5**Close**

Dismantling, collection and agreed recording or content handover.

Built around the way your event works

Conferences & summits

Stage visuals, presentation audio, interpretation and coordinated technical operation.

Forums & roundtables

Delegate microphones, chairman control and room audio for structured discussions.

Corporate & government meetings

Presentation displays, microphones and hybrid participation adapted to the room and agenda.

A clear view. A clear message.

Visual systems

Indoor and outdoor LED walls, presentation screens and confidence monitors, selected for viewing distance and content.

Audio systems

Bose sound, Yamaha mixing and Shure wireless microphones, configured around the venue and programme.

Stage platforms, podiums, furniture and supporting finishes can be coordinated within the agreed event scope.

Support every language in the room

Interpretation systems

Interpreter booths, Bosch receivers and headsets, transmitters and integrated audio feeds.

Technical coordination

System preparation, audio checks and onsite technical support for multilingual sessions.

Interpreter coordination

Professional interpreter arrangements can be included when required by the event brief.

Connect the room to remote participants

Hybrid meeting integration

Room audio, cameras, displays and presentation feeds connected with Zoom, Microsoft Teams or Webex.

Presentation & video operation

Support for live camera feeds, presentation playback and source switching within the technical plan.

Recording & streaming

Event recording and live streaming can be added to match the audience and agreed delivery requirements.

The space and the people behind it

A coordinated event setting

Stage platforms, carpeting, sofas, tables and podiums arranged around the programme.

Support where it is needed

Technical crew, hosts and ushers can be coordinated to support operation and guest flow.

Conferences and institutional events

Regional Forum on Health Spending

Manama, Bahrain

Presentation displays, stage setup, conference audio and onsite technical coordination.

Regional Workshop on Responsible AI

Bahrain

Indoor LED screen support for a regional workshop on responsible AI governance.

Formal meetings and corporate occasions

High-Level Strategic Dialogue

Saudi Arabia

Saudi project experience

Our selected portfolio includes the High-Level Strategic Dialogue and the Insparya Opening Ceremony in Riyadh.

For conferences, formal discussions and branded events, we coordinate the agreed technical requirements around the venue and programme.

Let's plan your next event.

Share your venue, dates, audience size and programme.
We will recommend a suitable production scope.
